Totally agree on the ambulance chasers and their wheelchair clients. Friend in NY is being sued for having a colorful art website that is not easily accessible for blind people. Not kidding. They want him to install a voice over explaining each art work in detail. So yes, downtown lawyer with wheelchair client coming after google should work

Subject: Homeless encampment at SE corner of Rose and Hampton @ Google Venice - ADA violation

The LAPD received multiple requests and have done nothing about making the sidewalk available again for pedestrians. We have to walk our baby stroller next to flying cars. Thank you LAPD.

So, I spoke to the Google security team. They has a "0 interaction" policy. Their security staff is not allowed (by corporate) to interact with the homeless population. Period. Understandably, they do not want to be on either side of any homeless situation. They do not even actively call the Venice BID team (they said they have spoken to the BID team in the past), which is remarkable to me, they are paying for the Venice BID but do not pressure them to do anything; not that if they did, it will result in any encampment removal.

To add to that, David Busch (homeless activist who wants to criminalize paying rent and home ownership) has a tent erect on the other side of the encampment, leaving 36" of space per ADA rules and he was doing some sort of stunt to get publicity via Google staff, he has an empty tent there, with notes to call the Mayor. I think he is directing the large encampment that is totally blocking the sidewalk on the SE corner of Rose and Hampton. That encampment, and this is a first, since the majority of the homeless population knows to leave 36" of space, is leaving no

space to walk so in direct violation of ADA laws. I think but i could be wrong, the only way to get Google to act is to sue Google for not having a safe sidewalk and violating ADA laws. At least it will be an easy minimum 10k for an ambulance chaser with a wheelchair client; so the more ambulance chasers you throw at this (trust me, they all have wheelchair clients), the more Google might be enticed to act.

May I add that RV live-in parking is out of control. I just took this photo trying to find a parking spot to grab lunch on Abbott Kinney. Every spot is taken up by RV's. How is this fair to the local restaurant owners and shop owners who pay high rent and taxes – but losing half of their business because RV's take up pretty much every parking space (with food trucks taking up the rest) and homeless sitting and urinating on the boardwalk. Abbott Kinney used to be such a fun street to amble down, shop a little and get a bite to eat. Now it is becoming a scene from Mad Max – and all this is happening so fast.

We have had two bikes stolen and all our patio furniture. Even with camera footage, nothing will/can be done about it.

I had a transient on the Boardwalk run after me brandishing a skateboard and shouting that he will smash my skull in because I took a photo of him taking a stolen bike apart. In broad daylight. In front of all the tourists who will now go home and tell their friends NOT to visit Venice.

All this is killing our neighborhoods. We are not safe, tourists will not return and businesses are suffering.

All so some corrupt people can stuff their pockets. Building \$400K housing units and serving expensive meals. Go buy out of business motels for \$30K a room and use their parking areas for RV parking. Don't destroy Venice.

I have seen streets in Mexico in the '80's in better shape than what Venice looks like every day 35 years later.

Yesterday afternoon my husband left a fleece jacket in our front yard for 30 SECONDS while he walked over to our garage. He turned around to see his jacket gone and a self-identified homeless guy wearing a backpack walking down the street. My husband told him he wanted his jacket back and the homeless

guy told my husband he was going to stab him. Seriously! We live on a cul-de-sac street with 9 homes in the very northeast corner of Venice, [REDACTED] block from both Mar Vista and Santa Monica. Until a few months ago, no one ever found their way into our small enclave.

Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. Act like Venice is Pacific Palisades or Brentwood. What would you do if this were happening there?

Best regards,

Carol Reynes

The solution is so easy. Build shelters, homes and bridge homes where land needs to be developed. In Lancaster and the Santa Monica mountains, we have land owners who want to build today. Build homes and shelters where land is inexpensive, where land owners want to build, where it won't attract more people to drop out and live in Venice and away from hardworking people who pay rent, mortgage and taxes.

We have people ready to build today! And we could repeal the Jones Settlement in a month.

Instead we have people dropping out of society to sleep on the sidewalks, do drugs, shitting and pissing on our front door steps. We have transients and druggies and some of them are assaulting people and breaking into our homes.

It's not fair to us and it's not fair to the truly down and out who are actually trying to get jobs and get back into society.

It's also not fair to the young kid who is lured into the life of homelessness with free food and services in Venice. His path has now been made harder because of the lure of camping out in Venice, made easy by our elected officials.

BOONIN AND ERIC GARCETTI: CITY PLANNING AND RECONSTRUCTION AND THE LAPD:

<image001.jpg>
FROM OFFICER DELATORI

Hello Nicoletta, thank you for the text message I am back at work today and I will check on 4th as I do on every working day that I'm here. Please know that I never give anybody any permission to be on any particular sidewalk and if anything I strongly discourage people from being on 4th Avenue.

FROM US SEE BELOW VIDEO AND SEND DESCRIPTIVE EMAIL OF HOW AND WHEN MY STREET CURB WILL BE FIXED AND DRY CLEANER ALLEY GATE SHUT BY 6PM LIKE PUBLIC STORAGE. IT IS THE LAW.

WE HAVE BEEN DEALING WITH THIS NIGHTMARE SINCE BILL DIED AND BONIN TOOK OVER. TRAVESTY.

AND HOW IS GEORGE IVANOVICS? ARE YOU VISITING HIM ALL THE TME BONIN AND GARCETTI?

Hi Officer that is not what they're saying in their aggressive I cannot go through this I'm going through this for since 1985 this is my home this is where I live this has got to stop I want Officer Perez here twice a day like always I want these people off my street. They are blocking the sidewalk it is against the law I can't walk down the sidewalk a Vietnam vet cannot walk down the sidewalk my blind neighbor can walk down the sidewalk and all they do is throw it back at me and tell me that you said it's fine and tough shit for me. I can't rent my Front house. And why is the gate still open that face is our alley from the dry cleaner when the drycleaner is closed at 7 PM that's unwanted traffic and drug trafficking you said you were going to handle this it's been almost a year. I want answers I want to know that you and the city Council have a dress to the dry cleaner and that gate is going to be permanently shut at 7 PM I don't understand why this is been going on after "Billrosendahl" [REDACTED] I don't understand why we have to live through this and the stress I don't understand any of it and I've always supported you the police you guys need to rise up and support me and us and handle the dry cleaner and handle across the street at public storage and they need to have a security guard it's enough already. I would like concrete answers and timelines emailed to me unfortunately words are just disappearing into thin air and I have trusted you and I have trusted your word but I am not trusting it at this moment. Thank you as always in advance . Best, Nikoletta

May I add that RV live-in parking is out of control. I just took this photo trying to find a parking spot to grab lunch on Abbott Kinney. Every spot is taken up by RV's. How is this fair to the local restaurant owners and shop owners who pay high rent and taxes – but losing half of their business because RV's take up pretty much every parking space (with food trucks taking up the rest) and homeless sitting and urinating on the boardwalk. Abbott Kinney used to be such a fun street to amble down, shop a little and get a bite to eat. Now it is becoming a scene from Mad Max – and all this is happening so fast.

We have had two bikes stolen and all our patio furniture. Even with camera footage, nothing will/can be done about it.

I had a transient on the Boardwalk run after me brandishing a skateboard and shouting that he will smash my skull in because I took a photo of him taking a stolen bike apart. In broad daylight. In front of all the tourists who will now go home and tell their friends NOT to visit Venice.

All this is killing our neighborhoods. We are not safe, tourists will not return and businesses are suffering.

All so some corrupt people can stuff their pockets. Building \$400K housing units and serving expensive meals. Go buy out of business motels for \$30K a room and use their parking areas for RV parking. Don't destroy Venice.

I have seen streets in Mexico in the '80's in better shape than what Venice looks like every day 35 years later.

Yesterday afternoon my husband left a fleece jacket in our front yard for 30 SECONDS while he walked over to our garage. He turned around to see his jacket gone and a self-identified homeless guy wearing a backpack walking down the street. My husband told him he wanted his jacket back and the homeless guy told my husband he was going to stab him. Seriously! We live on a cul-de-sac street with 9 homes in the very northeast corner of Venice, [REDACTED] block from both Mar Vista and Santa Monica. Until a few months ago, no one ever found their way into our small enclave.

Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. Act like Venice is Pacific Palisades or Brentwood. What would you do if this were happening there?

Best regards,

Carol Reynes

23 year Venice resident

The solution is so easy. Build shelters, homes and bridge homes where land needs to be developed. In Lancaster and the Santa Monica mountains, we have land owners who want to build today. Build homes and shelters where land is inexpensive, where land owners want to build, where it won't attract more people to drop out and live in Venice and away from hardworking people who pay rent, mortgage and taxes.

We have people ready to build today! And we could repeal the Junes Settlement in a month.

Instead we have people dropping out of society to sleep on the sidewalks, do drugs, shitting and pissing on our front door steps. We have transients and druggies and some of them are assaulting people and breaking into our homes.

It's not fair to us and it's not fair to the truly down and out who are actually trying to get jobs and get back into society.

It's also not fair to the young kid who is lured into the life of homelessness with free food and services in Venice. His path has now been made harder because of the lure of camping out in Venice, made easy by our elected officials.

ATTENTION VENICE CITY COUNCIL MIKE BOONIN AND ERIC GARCETTI: CITY PLANNING AND RECONSTRUCTION AND THE LAPD:

Available until Mar 7, 2019

FROM OFFICER DELATORI

Hello Nicaletta, thank you for the text message I am back at work today and I will check on 4th as I do on every working day that I'm here. Please know that I never give anybody any permission to be on any particular sidewalk and if anything I strongly discourage people from being on 4th Avenue.

FROM US SEE BELOW VIDEO AND SEND DESCRIPTIVE EMAIL OF HOW AND WHEN MY STREET CURB WILL BE FIXED AND DRY CLEANER ALLEY GATE SHUT BY 6PM LIKE PUBLIC STORAGE. IT IS THE LAW.

WE HAVE BEEN DEALING WITH THIS NIGHTMARE SINCE BILL DIED AND BONIN TOOK OVER. TRAVESTY.

AND HOW IS GEORGE IVANOVICS? ARE YOU VISITING HIM ALL THE TIME BONIN AND GARCETTI?

Hi Officer that is not what they're saying in their aggressive I cannot go through this I'm going through this for since 1985 this is my home this is where I live this has got to stop I want Officer Perez here twice a day like always I want these people off my street. They are blocking the sidewalk it is against the law I can't walk down the sidewalk a Vietnam vet cannot walk down the sidewalk my blind neighbor can walk down the sidewalk and all they do is throw it back at me and tell me that you said it's fine and tough shit for me. I can't rent my front house. And why is the gate still open that face is our alley from the dry cleaner when the drycleaner is closed at 7 PM that's unwanted traffic and drug trafficking you said you were going to

handle this it's been almost a year. I want answers I want to know that you and the city Council have a dress to the dry cleaner and that gate is going to be permanently shut at 7 PM I don't understand why this is been going on after "Billrosendahl" [REDACTED] I don't understand why we have to live through this and the stress I don't understand any of it and I've always supported you the police you guys need to rise up and support me and us and handle the dry cleaner and handle across the street at public storage and they need to have a security guard it's enough already. I would like concrete answers and timelines emailed to me unfortunately words are just disappearing into thin air and I have trusted you and I have trusted your word but I am not trusting it at this moment. Thank you as always in advance . Best. Nikoletta

Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. Act like Venice is Pacific Palisades or Brentwood. What would you do if this were happening there?

it's sad that my family and I used to walk from Lake St. and Lincoln in Venice, to what we call a "beer walk" to not drive and drink, anyways, we walked it from home to the boardwalk, can't even do that anymore, because of the boardwalk issues. I had family come in from Mexico and are you kidding me, it was embarrassing for them too see what Venice used to look like. it's funny because my cousin, asked me, "What happened to Venice, it was not like when I last came 5 yrs ago" what could I say ???

I also drive Lyft and my passengers I would drive to LAX, would also comment on "how worse Venice has gotten, and that they would not return", it's sad... again, what could I say....??

Next time, I will tell passengers, "I don't know, I don't live in Venice".

May I add that RV live-in parking is out of control. I just took this photo trying to find a parking spot to grab lunch on Abbott Kinney. Every spot is taken up by RV's. How is this fair to the local restaurant owners and shop owners who pay high rent and taxes – but losing half of their business because RV's take up pretty much every parking space (with food trucks taking up the rest) and homeless sitting and urinating on the boardwalk. Abbott Kinney used to be such a fun street to amble down, shop a little and get a bite to eat. Now it is becoming a scene from Mad Max – and all this is happening so fast.

We have had two bikes stolen and all our patio furniture. Even with camera footage, nothing will/can be done about it.

I had a transient on the Boardwalk run after me brandishing a skateboard and shouting that he will smash my skull in because I took a photo of him taking a stolen bike apart. In broad daylight. In front of all the tourists who will now go home and tell their friends NOT to visit Venice.

All this is killing our neighborhoods. We are not safe, tourists will not return and businesses are suffering.

All so some corrupt people can stuff their pockets. Building \$400K housing units and serving expensive meals. Go buy out of business motels for \$30K a room and use their parking areas for RV parking. Don't destroy Venice.

I have seen streets in Mexico in the '80's in better shape than what Venice looks like every day 35 years later.

Yesterday afternoon my husband left a fleece jacket in our front yard for 30 SECONDS while he walked over to our garage. He turned around to see his jacket gone and a self-identified homeless guy wearing a backpack walking down the street. My husband told him he wanted his jacket back and the homeless guy told my husband he was going to stab him. Seriously! We live on a cul-de-sac street with 9 homes in the very northeast corner of Venice, [REDACTED] block from both Mar Vista and Santa Monica. Until a few months ago, no one ever found their way into our small enclave.

Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. The solution is so easy. Build shelters, homes and bridge homes where land needs to be developed. In Lancaster and the Santa Monica mountains, we have land owners who want to build today. Build homes and shelters where land is inexpensive, where land owners want to build, where it won't attract more people to drop out and live in Venice and away from hardworking people who pay rent, mortgage and taxes.

We have people ready to build today! And we could repeal the Jones Settlement in a month.

Instead we have people dropping out of society to sleep on the sidewalks, do drugs, shitting and pissing on our front door steps. We have transients and druggies and some of them are assaulting people and breaking into our homes.

It's not fair to us and it's not fair to the truly down and out who are actually trying to get jobs and get back into society.

It's also not fair to the young kid who is lured into the life of homelessness with free food and services in Venice. His path has now been made harder because of the lure of camping out in Venice, made easy by our elected officials.

ATTENTION VENICE CITY COUNCIL MIKE BOONIN AND ERIC GARCETTI: CITY PLANNING AND RECONSTRUCTION AND THE LAPD:

FROM OFFICER DELATORI

Hello Nicoletta, thank you for the text message I am back at work today and I will check on 4th as I do on every working day that I'm here. Please know that I never give anybody any permission to be on any particular sidewalk and if anything I strongly discourage people from being on 4th Avenue.

FROM US SEE BELOW VIDEO AND SEND DESCRIPTIVE EMAIL OF HOW AND WHEN MY STREET CURB WILL BE FIXED AND DRY CLEANER ALLEY GATE SHUT BY 6PM LIKE PUBLIC STORAGE. IT IS THE LAW.

WE HAVE BEEN DEALING WITH THIS NIGHTMARE SINCE BILL DIED AND BONIN TOOK OVER. TRAVESTY.

AND HOW IS GEORGE IVANOVICS? ARE YOU VISITING HIM ALL THE TIME BONIN AND GARCETTI?

Hi Officer that is not what they're saying in their aggressive I cannot go through this I'm going through this for since 1985 this is my home this is where I live this has got to stop I want Officer Perez here twice a day like always I want these people off my street. They are blocking the sidewalk it is against the law I can't walk down the sidewalk a Vietnam vet cannot walk down the sidewalk my blind neighbor can walk down the sidewalk and all they do is throw it back at me and tell me that you said it's fine and tough shit for me. I can't rent my Front house. And why is the gate still open that face is our alley from the dry cleaner when the drycleaner is closed at 7 PM that's unwanted traffic and drug trafficking you said you were going to handle this it's been almost a year. I want answers I want to know that you and the city Council have a dress to the dry cleaner and that gate is going to be permanently shut at 7 PM I don't understand why this is been going on after "Billrosendah" [REDACTED] I don't understand why we have to live through this and the stress I don't understand any of it and I've always supported you the police you guys need to rise up and support me and us and handle the dry cleaner and handle across the street at public storage and they need to have a security guard it's enough already. I would like concrete answers and timelines emailed to me unfortunately words are just disappearing into thin air and I have trusted you and I have trusted your word but I am not trusting it at this moment. Thank you as always in advance . Best, Nikoletta

it's sad that my family and I used to walk from Lake St. and Lincoln in Venice, to what we call a "beer walk" to not drive and drink, anyways, we walked it from home to the boardwalk, can't even do that anymore, because of the boardwalk issues. I had family come in from Mexico and are you kidding me, it was embarrassing for them too see what Venice used to look like. it's funny because my cousin, asked me, "What happened to Venice, it was not like when I last came 5 yrs ago" what could I say ???

I also drive Lyft and my passengers I would drive to LAX, would also comment on "how worse Venice has gotten, and that they would not return", it's sad... again, what could I say....??

Next time, I will tell passengers, "I don't know, I don't live in Venice".

May I add that RV live-in parking is out of control. I just took this photo trying to find a parking spot to grab lunch on Abbott Kinney. Every spot is taken up by RV's. How is this fair to the local restaurant owners and shop owners who pay high rent and taxes – but losing half of their business because RV's take up pretty much every parking space (with food trucks taking up the rest) and homeless sitting and urinating on the boardwalk. Abbott Kinney used to be such a fun street to amble down, shop a little and get a bite to eat. Now it is becoming a scene from Mad Max – and all this is happening so fast.

We have had two bikes stolen and all our patio furniture. Even with camera footage, nothing will/can be done about it.

I had a transient on the Boardwalk run after me brandishing a skateboard and shouting that he will smash my skull in because I took a photo of him taking a stolen bike apart. In broad daylight. In front of all the tourists who will now go home and tell their friends NOT to visit Venice.

All this is killing our neighborhoods. We are not safe, tourists will not return and businesses are suffering.

All so some corrupt people can stuff their pockets. Building \$400K housing units and serving expensive meals. Go buy out of business motels for \$30K a room and use their parking areas for RV parking. Don't destroy Venice.

I have seen streets in Mexico in the '80's in better shape than what Venice looks like every day 35 years later.

Yesterday afternoon my husband left a fleece jacket in our front yard for 30 SECONDS while he walked over to our garage. He turned around to see his jacket gone and a self-identified homeless guy wearing a backpack walking down the street. My husband told him he wanted his jacket back and the homeless guy told my husband he was going to stab him. Seriously! We live on a cul-de-sac street with 9 homes in the very northeast corner of Venice, [REDACTED] block from both Mar Vista and Santa Monica. Until a few months ago, no one ever found their way into our small enclave.

Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. Act like Venice is Pacific Palisades or Brentwood. What would you do if this were happening there?

Best regards,

Carol Reynes

23 year Venice resident

The solution is so easy. Build shelters, homes and bridge homes where land needs to be developed. In Lancaster and the Santa Monica mountains, we have land owners who want to build today. Build homes and shelters where land is inexpensive, where land owners want to build, where it won't attract more people to drop out and live in Venice and away from hardworking people who pay rent, mortgage and taxes.

We have people ready to build today! And we could repeal the Jones Settlement in a month.

Instead we have people dropping out of society to sleep on the sidewalks, do drugs, shitting and pissing on our front door steps. We have transients and druggies and some of them are assaulting people and breaking into our homes.

It's not fair to us and it's not fair to the truly down and out who are actually trying to get jobs and get back into society.

It's also not fair to the young kid who is lured into the life of homelessness with free food and services in Venice. His path has now been made harder because of the lure of camping out in Venice, made easy by our elected officials.

ATTENTION VENICE CITY COUNCIL MIKE BOONIN AND ERIC GARCETTI: CITY PLANNING AND RECONSTRUCTION AND THE LAPD:

FROM OFFICER DELATORI

Hello Nicoletta, thank you for the text message I am back at work today and I will check on 4th as I do on every working day that I'm here. Please know that I never give anybody any permission to be on any particular sidewalk and if anything I strongly discourage people from being on 4th Avenue.

FROM US SEE BELOW VIDEO AND SEND DESCRIPTIVE EMAIL OF HOW AND WHEN MY STREET CURB WILL BE FIXED AND DRY CLEANER ALLEY GATE SHUT BY 6PM LIKE PUBLIC STORAGE. IT IS THE LAW.

WE HAVE BEEN DEALING WITH THIS NIGHTMARE SINCE BILL DIED AND BONIN TOOK OVER. TRAVESTY.

AND HOW IS GEORGE IVANOVICS? ARE YOU VISITING HIM ALL THE TME BONIN AND GARCETTI?

Hi Officer that is not what they're saying in their aggressive I cannot go through this I'm going through this for since 1985 this is my home this is where I live this has got to stop I want Officer Perez here twice a day like always I want these people off my street. They are blocking the sidewalk it is against the law I can't walk down the sidewalk a Vietnam vet cannot walk down the sidewalk my blind neighbor can walk down the sidewalk and all they do is throw it back at me and tell me that you said it's fine and tough shit for me. I can't rent my Front house. And why is the gate still open that face is our alley from the dry cleaner when the drycleaner is closed at 7 PM that's unwanted traffic and drug trafficking you said you were going to handle this it's been almost a year. I want answers I want to know that you and the city Council have a dress to the dry cleaner and that gate is going to be permanently shut at 7 PM I don't understand why this is been going on after "Billrosendahl" [REDACTED] I don't understand why we have to live through this and the stress I don't understand any of it and I've always supported you the police you guys need to rise up and support me and us and handle the dry cleaner and handle across the street at public storage and they need to have a security guard it's enough already. I would like concrete answers and timelines emailed to me unfortunately words are just disappearing into thin air and I have trusted you and I have trusted your word but I am not trusting it at this moment. Thank you as always in advance . Best, Nikoletta

What is SAD is the tenure of MIKE BONIN. Ever since he took over for Bill who begged me yo get all of my Hollywood people to vote for Bonin... God forgive me.....(to whom he lied about everything he promised), he has singlehandedly destroyed Venice.

We have to get rid of him and then you'll see big changes.

he thinks that he is going to build a huge high-rise on Rose Avenue.... really?

He has NEVR had the nerve to come here and meet me ever. he is a coward. I offered him and his boyfriend to live free in my front house and spend their days as part of the constituency and clean up human fecal matter, loose sleep, clean up needles, condone the drug running dry cleaner.....

BILL did come and stay here. He walked the walk.

RISE UP PEOPLE.

> May I add that RV live-in parking is out of control. I just took this photo trying to find a parking spot to grab lunch on Abbott Kinney. Every spot is taken up by RV's. How is this fair to the local restaurant owners and shop owners who pay high rent and taxes – but losing half of their business because RV's take up pretty much every parking space (with food trucks taking up the rest) and homeless sitting and urinating on the boardwalk. Abbott Kinney used to be such a fun street to amble down, shop a little and get a bite to eat. Now it is becoming a scene from Mad Max – and all this is happening so fast.

He turned around to see his jacket gone and a self-identified homeless guy wearing a backpack walking down the street. My husband told him he wanted his jacket back and the homeless guy told my husband he was going to stab him. Seriously! We live on a cul-de-sac street with 9 homes in the very northeast corner of Venice, [REDACTED] block from both Mar Vista and Santa Monica. Until a few months ago, no one ever found their way into our small enclave.

> Garcetti and Bonin, the problem is spreading and it is time to declare a state of emergency and consider erecting tents like the military does and get these people off the street. There needs to be a bevy of service workers doing intake and

figuring out who are truly down-on-their-luck homeless, who are chronically homeless due to physical challenges etc., who is mentally ill, who is addicted to drugs, and who are just here because you allow them to be, and then treat each person's case appropriately. Act like Venice is Pacific Palisades or Brentwood. What would you do if this were happening there?

> The solution is so easy. Build shelters, homes and bridge homes where land needs to be developed. In Lancaster and the Santa Monica mountains, we have land owners who want to build today. Build homes and shelters where land is inexpensive, where land owners want to build, where it won't attract more people to drop out and live in Venice and away from hardworking people who pay rent, mortgage and taxes.

Cc: Brian Morrison <30789@lapd.online>, "23506@lapd.online" <23506@lapd.online>, "ami.fields-meyer@lacity.org" <ami.fields-meyer@lacity.org>

Dear Chief Moore, Mayor Garcetti and Councilmember Bonin,

I have tried not to get too involved in a lot of local policies and have always been a firm supporters of the police. However there has been a trend over the past few years that I think is very dangerous. It is the fact that transients, drug dealers and thieves in our neighbor act with nearly complete impunity – while local tax paying residents, whose tax dollars pay for the LAPD salaries are fined at every possible moment.

I myself have been “robbed” three times at our home on the Peninsula (two bicycles and our entire set of teak garden furniture) and each time I was told that nothing would be done because the loss was under \$800. At the same time I have endured unless parking tickets (street cleaning, etc.) and had THREE police give me and a friend from Europe a 30 minute long lecture because he had unknowingly brought a bottle of wine to the beach. For THIRTY MINUTES they argued about who would write us a ticket – surely not the best time spent when vagrants are roaming the Peninsula stealing.

Well, this morning I cycled down the Venice Boardwalk (which smelled disgusting with dozens and dozens of homeless camps) and saw TWO officers ticket a 70 year old woman for walking her dog on the beach (about two yards from the bike path). 5 yards behind them two transients were illegally sleeping on the beach – again, with total immunity – while a 70 year old sweet lady receives a tickets for having her dogs on the beach at 6:45AM!

Old lady with cute dogs = ticket/fine as an easy target
Homeless, transients, drug dealers, chop chops, thieves – 100% immunity

I can't tell you how sad I felt. I stopped to watch it all but sadly was to scared to interject. I think it is high time that senior command tells their local officers to stop harassing easily targeted local residents and take care of all the horrendous problems we are facing.

Many thanks
Klaus Moeller
